## About

My name is Denta Bramasta Hidayat. I was born in Bangkalan on 29 August 2002. I'm a third year college student at Sepuluh Nopember Institute of Technology and majoring in department of Informatics. I'm typical person who's like to contribute any event related to the skill and experience that I have. I want to be an active student in academic, non academic and also in organizations.

## Education

2020 - Current

### • Sepuluh Nopember Institut of Technology Informatics

I am third year collage student at Sepuluh Nopember Institut of Technology and majoring in Informatics, with current GPA is 3.71. I do fullstack programming website using basic HTML and CSS or using framework such as laravel and reactJS.

## Experience

### • FTEIC Faculty

Head of Internship | December 2022 - Current

creating a management website for the new ITS TOWER using laravel with integrated image processing to control the room.

### • Teaching Assistant of Basic Programming Class IUP

Part time | Aug 2021 - Dec 2021 & Sep 2022 - Dec 2022

I became Teaching assistant of Basic Programming class IUP two times, the first one was IUP 2021 class and the second one is IUP 2022. I delivered the materials of basic programming in English Language. I used C language in Basic Programming class.

### • Teaching Assistant of Data Structure Class IUP

Part time | Feb 2021 - June 2021 & Jan 2023 - Current

I became Teaching assistant of Data Structure class IUP two times, the first one was IUP 2021 class and the second one is IUP 2022 class. I delivered the materials of Data Structure in English Language. I used C and C++ language in Data Structure class.

### • Lab Administrator

Part time | May 2022 - Current

Managing in ALPRO (Algorithm and Programming) laboratory in Informatics department.

### • IMT Atlantique, Nantes, France

Internship | Oct 2022 - Current

I do to create and managing a FICEM website in IMT Atlantique using wordpress and also managing layout instagram of FICEM.

### • Fullstack Developer at UNAIR University

Contract | July 2022 - Current

I contacted by one of student of Faculty of Medicine at Airlangga University to created a website for assessing a new student at UNAIR. then I created it with laravel and hosting using digital ocean. the website was created at 30 august. and after that I just manage the website.

## Volunteer Experience

### • IMT Atlantique

Accompanied | 9 November 2022

On November 9, 2022 I accompanied Francois Keo from IMT Atlantique who came to Institut Teknologi Sepuluh Nopember (ITS). I accompanied him to a meeting with ITS International Office to ratify the MoU on scholarships (Erasmus +) for masters students and I'm the only one student to attended that meetings. then after that I accompanied him at the erasmus + scholarship seminar for the purpose of continuing his education at IMT Atlantique. Finally I talked with him about the progress of the internship (Managing a new FICEM website) that I am currently participating in.

### • ITS International Office

Volunteer | 24 October - 29 October

On October 24th - 29th yesterday I joined the "Study excursion" program to Bangkok, Thailand. which is where this program is organized by ITS GE.

On this occasion I am very grateful to be able to study abroad and get an extraordinary experience. when I joined the program I visited 3 well-known campuses in Bangkok, Thailand, namely:

1. Chulalongkorn University
2. King Mongkut's University of Technology Thonburi (Kmutt)
3. King Mongkut's Institute of Technology Ladkrabang (Kmitl)

When I visited the campus program, I had an extraordinary experience about how the learning system at each university was and also their habits that amazed me.
